Global Challenges Research fund Networking grants

Round 6

The (GCRF) is an initiative that aims to support cutting-edge interdisciplinary research that addresses the global issues faced by developing countries. The scheme allows researchers from across discipline and from developing countries and the UK to hold networking events to forge new links and generate innovative transdisciplinary research ideas to address global challenges.

Eligibility: Applicants can be from any discipline, and applications should focus on building a collaborative network. Therefore, proposals should be submitted jointly by a lead overseas researcher from a developing country and a lead researcher based in the UK. To be eligible to apply, both applicants must have completed a PhD or have experience at an equivalent level Have proven research experience in their field
