This Agreement is entered into by and between The University of Jordan (UJ), a state-supported institution of higher education located in Amman, Jordan, and The University of Tübingen (UT), a public research institution of higher education located in Tübingen, Germany.

1 Definitions

The following definitions will be used in this Agreement:

- **Contracting parties:** The University of Jordan and The University of Tübingen.
- **Home Institution:** The contracting partner that has agreed to send the exchange student.
- **Host Institution:** The contracting partner that has agreed to receive the exchange student.
- **Exchange students:** The students of both institutions involved in the exchange according to this Agreement.

2 Objectives

The purpose of the Agreement is to establish the terms and conditions under which the exchange of students between UJ and UT shall take place. The terms and conditions of the Agreement apply to both undergraduate and post-graduate students. Admission of candidates to study at UJ and UT will be at the discretion of the Host Institution.

3 Numbers of Students

Each year during the term of this Agreement, each Institution may send up to three (3) students for two semesters or six (6) students for one semester to be enrolled as exchange students at the other institution. The number of students may be modified from time to time by mutual agreement. It is understood that a balance in number of students exchanged shall be sought over a four year period.

The obligations of the institutions under this Agreement apply only to the exchange students, and exclude both spouses and dependents.

4 Pre-requisites for Participation

The Home Institutions will screen and select applicants for exchange on the basis of the following criteria which shall generally apply but may be waived in special cases.

- Exchange students must have a good to excellent academic record.
- Exchange students must be registered as full-time undergraduate or postgraduate students of the Home Institution.
- Undergraduate exchange students from UJ must have successfully completed at least 36 credit hours while postgraduate students must have successfully completed at least 6 credit hours. Exchange students from UT must have successfully completed 60 credit hours. Exchange students from both institutions must remain registered in the Home Institution during their exchange period.
- The exchange students must be able to follow the lectures in the language of instruction. The Home Institution will evaluate the language aptitude of its own students.

5 Selection and Nomination

The candidates of both institutions will use the required application form of the Host Institution.

Exchange students should be selected on the basis of merit without regard to race, national or ethnic origin, color, religion, age, sex, marital status or physical handicap.

The Host Institution will accept the candidates selected by the Home Institution if mutually acceptable academic and/or professional qualifications and standards are met. However, the Host Institution will make the final decision on the admission of candidates nominated for exchange.

6 Responsibilities of the Exchange Student

The exchange students will be responsible for:

- Paying their Home Institution tuition and fees prior to participation.
- Paying room and board expenses at the Host Institution.
- Paying for transportation to the Host Institution and within the Host country.

7 Program of Study

The program is intended as an Institution-wide student exchange program including all faculties, departments, institutes, and centers. The exchange students may apply to any academic courses offered at the Host Institution as full time, non-degree students at a level determined by the Host Institution.

- The Host Institution will endeavor to ensure that students are admitted to courses with the desired priority as applied. However, admission to a specific department or course is subject to the student being satisfactorily qualified for the chosen area of study and/or course level, and the availability of places in the courses.
- Exchange students will be subject to the academic requirements and rules of conduct of the Host Institution. All students are required to enroll in a full-time course of study or equivalent amount of credits. At UJ, 12 credits for undergraduate and 6 credits for post-graduate students per semester/term are considered as full-time course load. At UT, 24 to 30 credits per semester are considered as full-time course load. Accreditation for the work carried out by a student during the period of the exchange will be at the discretion of the student's Home Institution.
- The Host Institution will provide the Home Institution with a final transcript, describing the student's academic performance.

8 Length of Study

Exchange students will spend a minimum of one semester/term, and a maximum of one academic year (which may include a summer semester/term) at the Host Institution. Shorter exchange periods may be approved if part of internships, practical training, or field work.

Upon completion of the period of study at the Host Institution, exchange students must return to the Home Institution.

9 Fees and Expenses

Exchange students will continue to pay tuition fees at their Home Institution according to its own regulations. UT will exempt UJ's incoming exchange students from paying UT tuition and academic fees, but they are required to pay the semester fees of currently 142,10 EUR, consisting of 76,10 EUR for Student Services and 66,00 EUR for administrative and other fees. UJ will use tuition and fees paid by its outgoing exchange students to cover the tuition and fees of the incoming UT exchange students. All other expenses incurred will remain the responsibility of the exchange student.

10 Responsibilities of the Home and Host Institutions

Contracting parties shall have the option of terminating the participation of a student should that student violate the laws or regulations of the Host Institution, or be found by a competent authority to have violated the laws of the host country.

Contracting parties will endeavor to provide a pre-arrival orientation to students admitted to the exchange program. The Host Institution will arrange an orientation program for the exchange students upon arrival.

Applications for participation in the Exchange Program will be sent by the Home Institution to the Host Institution at least three (3) months before the start of the academic year/semester/term in which the exchange will take place.

Returning students will be asked to complete a report form evaluating their exchange.

The Host Institution shall make every reasonable effort to assist students participating under the terms of this Agreement in finding suitable accommodation.

11 Recognition for Participation

Any academic credit earned at the Host Institution by the participant may be transferred back to the Home Institution in accordance with procedures determined by the latter.

12 Coordination and Administration of the Exchange

The management of the exchange will be the responsibility of the Office of International Relations at The University of Jordan, and the Department of International Affairs at UT.

13 Commencement of Exchange

Enrollment of students according to this Agreement will commence in the first possible semester/term after signing the Agreement.

14 Review, Renewal, Termination

The contracting parties will review the Agreement annually to maintain a well-balanced exchange. Every effort will be made to achieve parity over a period of four years. This Agreement will be valid from the date of the last signature and may be terminated by giving six months notice in writing. Without any notice of termination, the Agreement will be terminated four years from the date of last signature. However, any exchange in place will be permitted to continue to completion date. At the end of that period of four years, the Agreement could be renewed by exchange of letters.
