Technische Universität Braunschweig, Universitätsplatz 2, 38106 Braunschweig, Germany, represented by its President. Hereinafter referred to as the second party.

Whereas the two parties desire to develop academic cooperation in various fields, the two parties conclude this Memorandum of Understanding (MoU) and agree to the following:

Article 1 - The parties agree to encourage the development of the following collaborative activities in academic areas of mutual interest:

Both parties will comply with the laws and regulations applicable to them in the performance of this MoU as well as in the implementation of specific activities.

Article 3 - It is understood that the implementation of any of the types of cooperation stated in Article 1 shall depend upon the availability of resources (financial or other) at both parties, the administrative processes and decisions of each party, the academic interests and expertise of individual faculty members.

Article 4 - The two parties will agree to the division of ownership and returns of intellectual property prior to commencing any collaborative research activities that may result in intellectual property, and in conformity with relevant legislation.

Article 5 - Neither party shall be entitled to use the name, logo and/or trademark of the other party without obtaining its written and prior consent.
